### **Electronic Fund Transfers Your Rights and Responsibilities**

---

Indicated below are types of Electronic Funds Transfers we are capable of handling, some of which may not apply to your account. Please read this disclosure carefully because it tells you your rights and obligations for the transactions listed. You should keep this notice for reference.

#### **Electronic Funds Transfers Initiated by Third Parties -**

You may authorize a third party to initiate electronic funds transfers between your account and the third party's account. These transfers to make or receive payment may be one-time occurrences or may recur as directed by you. These transfers may use the Automated Clearinghouse (ACH) or other payments network. Your authorization to the third party to make these transfers can occur in a number of ways. In some cases your authorization can occur when the merchant posts a sign informing you of their policy. In all cases, the transaction will require you to provide the third party with your account number and credit union information. This information can be found on your check or draft as well as on a deposit or withdrawal slip. Thus, you should only provide your credit union and account information (whether over the phone, the internet, or via some other method) to trusted third parties whom you have authorized to initiate these electronic funds transfers. Examples of these transfers include but are not limited to:

- \* Preauthorized credits. You may make arrangements for certain direct deposits to be accepted into your share draft checking or regular share savings account(s).
- \* Preauthorized Payments. You may make arrangements to pay certain recurring bills from your share draft checking or regular share saving account(s).
- \* Electronic Check or Draft Conversion. You may provide your check or draft to a merchant or service provider who will scan the check or draft for the encoded credit union and account information. The merchant or service provider will then use this information to convert the transaction into an electronic funds transfer. This may occur at the point of purchase, or when you provide your check or draft by other means such as by mail or drop box.
- \* Electronic returned check or draft charge. Some merchants or service providers will initiate an electronic funds transfer to collect a charge in the event a check or draft is returned for insufficient funds.

  - you may not exceed your balance or \$500.00 whichever is greater in transactions per day.

**Currency Conversion.** If you effect a transaction with your Debit Card in a currency other than US Dollars, VISA International Incorporated will convert the charge into a US dollar amount. VISA International will use its currency conversion procedure, which is disclosed to institutions that issue VISA cards. Currently, the conversion rate used by VISA International to determine the transaction amount in US dollars for such transactions is generally either a government mandated rate or a wholesale rate determined by VISA International for the processing cycle in which the transaction is processed, increased by an adjustment factor established from time to time by VISA International. The currency conversion rate used by VISA International on the processing date may differ from the rate that would have been used on the purchase date or cardholder statement posting date.

## Unauthorized Transfers

(a) Consumer liability.

\* Generally. Tell us AT ONCE if you believe your card and/or code has been lost or stolen. Telephoning is the best way of keeping your possible losses down. You could lose all the money in your account (plus your maximum overdraft line of credit).

If you tell us within 2 business days, you can lose no more than \$50 if someone used your card and/or code without your permission.

If you do NOT tell us within 2 business days after you learn of the loss or theft of your card and/or code, and we can prove we could have stopped someone from using your card and/or code without your permission if you had told us, you could lose as much as \$500.

Also, if your statement shows transfers that you did not make, tell us at once. If you do not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time.

If a good reason (such as a long trip or a hospital stay) kept you from telling us, we may extend the time periods.

\* Additional Limits on Liability for Debit Card when used for point-of-sale transactions. You will not be liable for any unauthorized transactions using your Debit Card when used for point-of-sale transactions if: (i) you can demonstrate that you have exercised reasonable care in safeguarding your card from the risk of loss or theft, (ii) you have not reported to us two or more incidents of unauthorized use within the prior twelve-month period, and (iii) your account is in good standing.

If any of these conditions are not met, your liability is the lesser of \$50 or the amount of money, property, labor, or services obtained by the unauthorized use before notification to us. "Unauthorized use" means the use of your debit card by a person, other than you, who does not have actual, implied, or apparent authority for such use, and from which you receive no benefit. This additional limitation on liability does not apply to PIN-based transactions or transactions not processed by VISA.

(b) Contact in the event of unauthorized transfer. If you believe your card and/or code has been lost or stolen or that someone has transferred or may transfer money from your account without your permission, call or write us at the telephone number or address listed in this disclosure.

## Error Resolution Notice

In Case of Errors or Questions about Your Electronic Transfers.

Call or write us at the telephone number or address listed in this disclosure, as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt.

We must hear from you no later than 60 days after we provide the FIRST statement on which the problem or error appeared.

- (1) Tell us your name and account number (if any).
- (2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you

need more information.

(3) Tell us the dollar amount of the suspected error.

If you tell us orally, we may request you send us your complaint or question in writing within 10 business days of the conversation.

We will determine whether an error occurred within 10 business days (20 business days if the transfer involved a new account) after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your issue. If we decide to do this, we will credit your account within 10 business days (20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete the investigation. If we ask you to describe your issue in writing and we do not receive it within 10 business days, we may not credit your account. Your account is considered a new account for the first 30 days after the first deposit is made, unless each of you already has an established account with us before this account is opened.

We will notify you with the results of the investigation within three business days of completing the investigation.

You may ask for copies of the documents that were used in the investigation.
